How to use Apple Find My

1. Power on

Press and hold the button for 5 seconds. The item will turn on with a beep.

2. Bind the device

- Open the Apple Find My App;
- Hold the item close to your iPhone, tap "Items", and select "Add another item";
- For the item labeled "P05",tap "Connect";
- Edit the "Name the item" field to name your item and select an emoji;
- Agree to register the item with your Apple ID;
- Tap "Done" to successfully bind the item.

3. Enable "Lost Items"

If an item is lost, you can enable "Lost Items" mode. Enter the Find My App, enter your contact information, and share the location of the lost item.

4. Remove the item

- Open the Apple Find My App, tap "Items" at the bottom of the screen, and then tap the item's name.
- Find "Remove Item" at the bottom of the list and tap "Remove" to complete the process. After removing the device, the device will beep, but the item will not shut down and will remain in pairing mode.

5. Re-pairing the Item

After turning on the device or removing the item, if it hasn't been paired for 10 minutes, the device will unpair and enter sleep mode. If you need to pair the item again, tap the item's button once. The item will beep, and the device will be reactivated and enter pairing mode. You can then re-pair with the App.

6. Confirming the Item's Status

Double-tap the item's button twice. If it beeps, it's working. If it doesn't, it's powered off.

7. Restoring Factory Settings

First, remove the device from the Find My App. Then, after turning on the device, double-tap the item's button. If it beeps, immediately continue to hold the device's button for about 10 seconds until it beeps. Release the button to complete the factory reset. The device will then be paired with the new account.

8. Power off

When the device is powered on, press the button five times continuously within two seconds . The device will beep and then power off.

Warranty Regulations Service Commitment

Warranty regulations

Warranty service is limited to the effective warranty period under normal use. If there is a non-human damage failure caused by quality problems of the product itself, the following three guarantee services will be enjoyed with the invoice and this three guarantee certificate in accordance with the national three guarantee regulations:

From the date of purchase, there is a 7-day refund guarantee, a 15-day replacement guarantee, and a 1-year warranty.

Please bring this certificate and valid product purchase invoice when repairing; This certificate cannot be altered, otherwise it will be regarded as invalid; This certificate becomes effective after being stamped by the seller.

Non-warranty regulations

The following situations (but not limited to the following situations) are not within the scope of the three-guarantee service:
*The content on the three-guarantee voucher is inconsistent with the physical identification of the product or has been altered;
*Unauthorized repair, unauthorized disassembly, misuse, collision, liquid intrusion, and modification;
*Damage caused by failure to use, maintain, and maintain the product in accordance with the product instruction manual;
*Product damage caused by human factors;
*Damage caused by force majeure such as floods, fires, lightning strikes, etc.;
*There is no three-guarantee certificate and valid invoice, and it is impossible to prove that the product is within the validity period of the three-guarantee.
